Parents and Community Members:

Today Bullhead City School District was notified that its portion of the American Recovery Plan Elementary and Secondary School Emergency Relief (ARP ESSER) funds will be **\$10.35 M.**

The primary purpose of this funding is to ensure that our students have the opportunity to gain learning opportunities that were missing during the COVID-19 Emergency and to accelerate their learning paths going forward. At least 20% of the ARP ESSER funds will be used for this purpose over the next two (2) school years.

The remainder of these funds can be used for projects that fall into the general categories of social-emotional well-being of students and staff, maintaining a safe and healthy environment in our schools, and educator recruitment and retention. This is an opportunity for BCSD to address some long-standing issues for which we have not had the funding. We are already aware of many of these issues, but we recognize that our various stakeholders can and should contribute ideas.

If you are interested in participating in any of the meetings listed below, please contact Kim Bureson at 928-758-3961 Ext. 1004 or just come to the BCSD Board Room, 1004 Hancock Road, Suite 100 on the day and at the time indicated.
